

Buy Caffeine Announces Launch of New Website

Muscle building and weight loss expert Buy Caffeine is pleased to announce the launch of its new website

Melbourne, Victoria, Australia - 13 June 2012 - [Buy Caffeine](http://buycaffeine.net) (<http://buycaffeine.net>), an established supplement company specializing in developing, testing, and manufacturing sports performance and physique enhancement products, is pleased to announce the launch of its new website. This new site offers a simple and visual format to make sure the site's guests will have an easy understanding of its products and services.

Oftentimes, caffeine is considered as the bad guy in any situation. Though several literatures demonstrate that caffeine can have negative effects such as nervousness, anxiety, hyperactivity, gastrointestinal complications, insomnia, rapid heartbeats (tachycardia), and tinnitus (ringing in ears), it must be noted that caffeine only becomes harmful when taken at high quantities.

One of the purposes of Buy Caffeine's new website is to educate its readers on the health benefits of caffeine. For those who are still not aware, caffeine is a powerful, potent, physical and mental performance booster that helps most users to become more alert. There are also studies that claim that it may reduce the risk of certain diseases like Parkinson's while other reports indicate that it can defend us against certain cancers. It is a powerful antioxidant as well. Aside from all these health benefits of caffeine, did you know that it is extraordinarily effective in breaking down stored fats so that they can be burnt as energy?

Unlike many other performance boosters and weight loss products, BuyCaffeine.net ensures its site visitors that it delivers only quality sports performance and physique enhancement products which aid in losing weight are proven to be effective- 100% satisfaction guaranteed or you get your money back. Now that's great performance!

This new website is managed by Ironpower (<http://ironpower.biz/>), regarded by some as the Rolls Royce of supplement companies. It is spearheaded by Mr. Richard Hargreaves, a leading authority on nutrition, fitness and training.
